III ACADEMICS

1. Course Selection

- The degree programs at Dankook University are taught in Korean. Some courses are offered in English and the English-taught courses available for exchange students are listed on our web-site at the following link: <http://www.dankook.ac.kr/en/web/international/courses-taught-in-english>
- Students should choose their campus to study depending on the majors offered at each campus. Students are not allowed take courses from the other campus.
- Students may choose any courses from the list and mix courses from different departments regardless of their major. There is no prerequisite to attend courses in any year level, but some courses may have restrictions.
- Students can enroll in up to 19 credits per semester including the Korean language courses. There is no minimum number of courses required for exchange students to be enrolled in, but we recommend students to take at least 12 credits.
- Medium of Instruction
 - ✓ English: Courses are conducted entirely in English.
 - ✓ English and Korean: Courses are conducted in half English and half Korean. These courses are not recommended for students who do not have good Korean proficiency.
 - ✓ Korean: Courses are conducted entirely in Korean.

2. Korean Language Courses

Korean language courses are offered in three different sections: conversation, reading and writing, at four levels with the Introductory classes being the lowest and the Advanced classes being the highest. There is no level test required prior to registration and students may choose courses based on their own judgement on the level.

3. Registration

After being accepted, students will need to submit course registration request form via email. The international office will then initiate the enrollment process with each department on campus. Unfortunately, students do not receive priority registration therefore it is important to note that class requests are not guaranteed. Students will have an opportunity to make changes to their schedules during the first two weeks of class if necessary.

4. Credit and Grading System

- The majority of courses at Dankook are 3-credit courses. A 1-credit course includes one hour of lecture time per week for 15 weeks in one semester. i.e., a 3-credit course includes 45 lecture hours per semester. Apart from lectures, there are midterms and final exams which could vary in schedule and assessment type depending on courses. Exchange students from countries that use different credit system should consult about credit transfer with their home university, not with us.
- Each class will receive a separate grade mark ranging from A+ to F. An A, B, and C is considered passing while D and F is considered below average and failing. Each of these marks is then averaged based on the number of credits assigned in what we call a Grade Point Average (GPA). Students may refer to the following table for conversion:

Letter Grade	Numerical Grade	Grade Point
A+	95 - 100	4.5
A	90 - 94	4.0
B+	85 - 89	3.5
B	80 - 84	3.0
C+	75 - 79	2.5
C	70 - 74	2.0
D+	65 - 69	1.5
D	60 - 64	1.0
F	0 - 59	0.0

5. Transcripts

The academic transcripts for students will be sent to their home university by post in four weeks after the semester is over. We do not issue transcripts online or send by email.
